## About This Content

Equip yourself with the Classic Trinity stealth gear pack. This vintage outfit features the Hunter's Array, allowing your steps to be quieter while running. The outfit also increases the effect of perception plants, giving long-lasting vision to hunt your enemies. This pack includes the Silent Sting, a pistol outfitted with a silencer suppressor enabling stealthy kills. Your enemies won't hear you coming until it's too late.

Included in the [Croft Edition](#), the [Season Pass](#), and [The Price of Survival](#). Also available separately.

shadow of the tomb raider classic trinity gear

Cool like some World War outfit. Classic Trinity outfit like the corpse found in the 2013 reboot. Luger pistol. Pretty neat.

I'd like to be able to interact with rebels while wearing the native style outfits, though. That'd be nice.. Another aesthetic pack, another boring mess.

Although the Classic Trinity Gear is more aesthetically pleasing than the generic brown leather gimmick outfits, it's still boring and useless, adds nothing to the game, not worth \u00a325. If it didn't come with the edition of the game you got, don't buy it.
