### About This Game

Suburban Scavengers is a small tug of war fighting game where you're trying to get somebody's garbage couch into your house.

Have you ever seen an item being thrown out as garbage that you thought you might like to take home? Have you ever wanted to punch a mall santa in the face or elbow drop a hipster? If you're looking for a game that you can do these things in, look no further.

Inspired by a One Game a Month game jam themed "couch" and the video game "Nidhogg", Suburban Scavengers is an award winning (Orlando iX2016 - Best Narrative), fast paced, easy to play, competitive fighting game that will get your blood pumping and adrenaline flowing.

Grab some friends and a couple controllers and prepare to battle.
